In Chapter 6, Page 67 and Chapter 9, Page 109, you incorrectly reference "National Marine Sanctuaries Program." It should read, "National Marine Sanctuary Program."

thanks,
Mike

Dear Ocean Commission,

A typographical switch (error) in table 28.1 of the Preliminary Report is described below and highlighted in the attached pdf.

thanks

Table 28.1 of the Preliminary Report (copy attached) has the 'Snow and Ice Data Center' misplaced. It should should be associated with University of Colorado, and NCDDC should be associated with NOAA. In other words, need to swap the two cells marked on the attachment.
